Subject: Letter of Support

This letter is in support of TransCascadia's future project and plans. Living here in Westfir my husband and I have always had the desire to see Westfir grow and develop. The mountain bike scene here has really grown and seems to not be going away. Since the closing of the mill Westfir has basically turned into a ghost town. It would be nice to have the store back open, the camp area for the mountain bickers will be fun and add some much needed jobs for our community.

So long story short is two votes from us supporting these plans that TransCascadia has.

Any questions please don't hesitate to contact us.

V/R,

Ann Evans
