Subject: Planning commission meeting

Mayor Cornelius and Council Members,

My name is Larry Meltzer and have been an Oakridge resident since 2017. I want to express my support of Transcascadia Excursions development plans at the Westfir location.

I'm employed at our local bikeshop and see all kinds of folks coming to town to enjoy our incredible trails. The more services and amenities we can offer folks the better our community will be in the long run.

The Gibson's have been nothing but a positive influence on this community. I strongly support this project , it's to good of an opportunity to take a pass on.

Sincerely,

Larry Meltzer

47865 W 1st. St

Oakridge, Or. 97463
