A campground does not belong across from a residential area.

A stage is in the drawing. The noise this creates will be a serious problem. I go to bed early in the evening. I will not be able to get my rest.

Having a campground with fire pits will be a serious noise issue. I love camping and own a trailer. But I try to avoid any weekend camping because of crowds and noise.

Mountain biking is mainly a young aggressive male sport. This will be an issue once the alcohol and marijuana effect in the body kicks in. LOUD - ROWDY

WHEN MBD IS IN TOWN A 1/4 MILE AWAY YOU CAN HEAR THE MUSIC AND YELLING IN THE HOUSE

I do not believe a campground that caters to young males should be across from a residential area. Would you want a campground across from your house? It will destroy property value. PS, More on back side

Another major concern is fire danger
with the campground.
