Westfir, OR

Re TransCascadia and Crow's Feet Common proposals

To whom it may concern,

I am in support of the above referenced proposals before you. I believe these proposals are beneficial to our community. I've enjoyed professional relationships with both Nick Gibson and David Marchi particularly, and think highly of both personally and professionally.

I was originally attracted to this area, and have retired here, due to the type of mountain biking and other recreational opportunities these type of businesses promote and serve. I think they will be solid additions to the community as both businesses and as good responsible neighbors. The improvements to the property by TransCascadia is already noteworthy and impressive.

I urge you to approve these plans.

Thanks for your consideration in advance,

Sincerely yours,

Jon C Brownfield
