## **Survey: Lane County Charter Review**

**Now is the time to make your voice heard.**

Every ten years, the Lane County Charter is reviewed for changes by a committee of county residents. Like the State and Federal constitutions, the Lane County Charter establishes the structure of Lane County Government.

**The Charter Review Committee is reaching out to ask you to help inform this process.**

In reviewing the Charter, questions that arise include but are not limited to:

- How should commissioner districts be defined?
- Which County officials should be elected or appointed?
- What functions should the County provide or not provide?

To learn more and take the survey, go to:
