The City of Westfir and the Middle Fork Willamette Watershed Council invite you to join us in restoration at the Westfir Confluence Park located at the confluence between the North Fork of the Middle Fork Willamette and Middle Fork Willamette Rivers.

On November 7 and November 20, from 10am–2pm, we will remove invasive species and plant native plants as a part of ongoing habitat restoration.

Water and light snacks will be provided, but please bring a water bottle, a lunch, appropriate clothes for inclement weather and anything else you may need. All ages are welcome, and we encourage biking or carpooling as parking at the site is limited.

We look forward to seeing you there!
